Hugo, OK 74743

March 13, 2019

To our friends at the Kelly Miller Circus:

Valley AIDS Council/Westbrook Clinic has been providing services to people infected or affected by HIV for over 30 years. To honor this achievement VAC partnered with Kelly Miller Circus to raise funds to continue our hard work in serving our community with our essential services. The circus ran from Friday, February 8th – Sunday, February 10th, 2019 at the Valle Vista Mall of Harlingen, TX.

Working with Kelly Miller Circus throughout the planning phase, implementation phase, and post-circus phase was both professional and efficient. The team of Kelly Miller Circus provided Valley AIDS Council with all necessary steps to ensure that the overall success of the event was executed on a timely manner. Meetings with community partners, like Valle Vista Mall, were set up in advance by the Kelly Miller Team, they collaborated with the City of Harlingen to ensure that all formal permit applications were completed and submitted on time, and ensured that all logistics were taken care. Not only was the Kelly Miller Circus team responsive to our planning needs, they were also deliberate and proactive in their actions to help support Valley AIDS Council raise funds for our clinic.

The Kelly Miller Circus team publicized the event through their social media outlets, placed fliers around Harlingen and neighboring cities, and even phone triaged local businesses to increase the amount of tickets being sold; all of this ultimately incurring more funds to be raised for Valley AIDS Council. The funds raised through the support

**WESTBROOK  
CLINIC**

of Kelly Miller Circus will allow our clinics to provide services without restrictions to all clients.

The Al G. Kelly Miller Brothers Circus has been touring America since 1938 under the auspices of local community service and non-profit organizations. Details about their incredible history can be found at their website at [www.bestcircus.com](http://www.bestcircus.com).

Valley AIDS Council will continue to work with Kelly Miller Circus in the future to raise funds to continue to expand prevention education, testing, and risk reduction counseling; as well as increasing access to HIV medical care, medications, and supportive services to all those who visit our clinic.

We highly recommend the Al G Kelly Miller Brothers Circus to community service organizations of all types, wanting to bring family friendly fun to town, increase awareness for their organization and raise needed funds!!

Thank you Kelly Miller Circus for a fantastic collaboration.

All the Best,  
Marco Martinez
